BIOGRAPHY SHEPHERD

As a shepherd urges his sheep collectively onwards to a better place, this Shepherd gently guides his flock along a journey of his own making. Originally from Slovenia, currently based in Berlin and at home in music that is deep and driving, Shepherd has a knack for capturing the vibe on a dancefloor and skillfully manipulating the mood to get bodies moving and hearts swelling. His sets are carefully curated voyages of subtle emotion and gentle beats, often culminating in peaks that set his audiences free. An artist with a diverse background in music, he has played at countless events and festivals in his current home Berlin and his hometown in Slovenia – always with a keen feeling for the energy of the moment on any dancefloor.
