

FOOLIK

Kater Blau | Berlin, Germany

BIOGRAPHY

Foolik's journey began on the other side of the DJ booth. On the dancefloor. As a raver in Berlin. This was back in 2009. He then quickly became one of the first residents at the well-known Club Sisyphos in Berlin, where he had the chance to sharpen his profile and show his sound to a huge audience. After 8 years of his residency and being the head of Artist Care and Sound, he decided to move on and ended up at the infamous Kater Blau, where he has held the residency since 2019. His musical journey has taken him from Berlin, across Germany and Europe, to the rest of the world, and there is no end in sight. Nowadays he is fortunate enough to also have the chance to curate his own program at Kater Blau with his event series called "Fool And The Gang". Over the years, he has become much more than just a DJ. Rather, he's a 360° techno allrounder: Night Management, Artist Care, Stage Management, Stage Construction - Foolik has done pretty much everything. What connects it all is the love for electronic music. But Djing always was his first true love. He is a real genius when it comes to capturing the vibe on the floor and carrying the audience through the night. Foolik's sets are a mix of Indie Dance, Deep House, Tech House, and a bit of Techno here and there. And if you don't see him behind the booth, you know where to find him. In front of the DJ. On the dancefloor.
